Esercizio 1

Leggi il seguente testo sul famoso detective Sherlock Holmes. Rispondi alle domande dando risposte BREVI. Segui l'esempio 0.

SHERLOCK HOLMES

Sherlock Holmes is a made-up detective who needs no introduction. He is well-known all over the world. Arthur Conan Doyle is the writer of the books about this famous detective.

0. **What** does Sherlock Holmes do?

He is a detective.

We can't talk about Sherlock Holmes without speaking of his assistant Dr Watson. They even shared the same flat at 221B Baker Street in London. Nowadays, the flat is the Sherlock Holmes Museum and you can see what the place looked like in the 19th century.

We can learn a lot about Sherlock from reading Doyle's books. We find out that he changes the way he looks so people can't recognize him. He uses science to solve crime. He fights his enemies with a sword, a pistol, a wooden stick, his fists or even martial arts. He believes that he is more important than others. Sometimes even the police officers don't understand Sherlock Holmes' unusual ideas.

1. **Who** did Sherlock live **with**?

2. **Where** in London is the Sherlock Holmes Museum?

3. **What** does Sherlock think about himself?

The place where he lives is also unusual. His rooms are very untidy, but he can find everything he needs. He has strange eating habits and often doesn't eat for a long time while he's trying to solve a crime. One of Sherlock Holmes' habits is smoking a pipe.

In the book *The Final Problem*, Sherlock Holmes' life ends. He falls off a cliff. The author, Conan Doyle does this because he wants to have more time to write other books, not just about the famous detective. But Sherlock's fans get angry with this and after some time, the writer decides to write about Sherlock again. He writes about him for many more years. In his final book *His Last Bow*, Holmes stops working. He moves to the countryside where he takes care of bees. He never thinks about solving crime again.

4. **What** do the rooms in Sherlock's flat **look like**?

5. **How** does Sherlock die in *The Final Problem*?

6. **What** is Sherlock's hobby in the countryside?
