The examiner will ask you some questions about yourself, your family, job, hobbies etc.

Task 2: Everyday Situations

Read the description of the three different situations that could happen to you in an English-speaking country. Think what you would say in such situations.

1. A friend of yours has lost his wallet with a lot of money in it. Say you are sorry and give him/her some advice.
2. You have an appointment with your colleague tomorrow morning. However, your plans have changed and you won't be able to come. Call him and cancel the appointment.
3. You are in a foreign town and you need some stamps for your postcards, but you don't know where you can buy them. Go to the nearest shop and ask the shop assistant.

Task 3: Photographs

Look at the photos and prepare to discuss them.
